SIMPORE TAOBATA

4th-year Engineering Student in Cybersecurity and Embedded Systems

simporetaobata@gmail.com +212 705146842 Tetouan, Maroc

23-year-old Engineering Student at the National School of Applied Sciences (ENSA) of Tetouan. Originally from Burkina Faso and based in Morocco, I am passionate about Cybersecurity, Electronics, Design, and Front-end Web Development.

in LinkedIn Portfolio

TECHNICAL SKILLS

Cybersecurity
Penetration Testing
Security Testing
Malware Analysis

Embedded Systems & Electronics
FPGA Programming: VHDL, Verilog
Microcontrollers: ESP32, Arduino Uno
Electronic circuits design

Web and Software Development
Languages: Python, Java, C, JavaScript
Front-end: React js, HTML5, CSS3

EXPERIENCE AND EXTRACURRICULAR ACTIVITIES

Internship Projects – Brainwave Matrix **2025**

- Phishing URL Scanner: Developed a tool in Python (Flask, Streamlit, Scikit-learn) to analyze and classify URLs in real-time to detect phishing attempts.
- Password Strength Checker: Created an application (Python, Streamlit) evaluating password strength with visual feedback and improvement suggestions.

Academic Project – AI-Driven Solar Tracker System **2025**

- Designed an embedded system (ESP32, Arduino) to optimize solar panel orientation using AI.
- Developed a mobile application (Flutter/Dart) and a cloud backend (Firebase) for data monitoring and prediction.

Academic Project – Travel Agency Management (Java) **2024**

- Developed a complete desktop application (JavaFX, CSS) for managing clients, itineraries, reservations, and payments, connected to a MySQL database (JDBC).

General Secretary – Ensate International Students CLUB **2026 – Present**

- Manage administrative operations, communication, and logistics for major events within the club with 50+ members.

Exchange Participant Manager – AIESEC in Tangier **2025**

- Guided participants through international corporate experiences. Managed applications and coordinated international exchanges.

Deputy Secretary General – AEBM Tetouan **2023 – 2024**

- Developed skills in leadership, administrative management, activity organization, and communication within the association.

EDUCATION

Engineering Cycle – Cybersecurity and Embedded Systems **2024 – Present**

- National School of Applied Sciences (ENSA) of Tetouan

Preparatory Cycle for Engineering Studies **2022 - 2024**

- National School of Applied Sciences (ENSA) of Tetouan

Scientific High School Degree (Series C) with Honors **2022**

- Lycée Scientifique National de Ouagadougou (LSNO) – Burkina Faso

ADDITIONAL INFORMATION

- **Languages:** French (Native), English (Advanced), Spanish (Elementary)
- **Certifications:** Certified in Cybersecurity – ISC2, Ethical Hacking, Cybersecurity – Cisco, Alison, HTML5-CSS3-JavaScript – Alison, Artificial Intelligence – Force-n Senegal
